HT CAPACITOR - CPSL

Technical Specifications

- ▶ Power Rating : 50 KVAR... 700 KVAR
- ▶ Voltage Rating : 3 KV... 25KV
- ▶ Power Loss : < 0.2 W/KVAR
- ▶ Type : Indoor / Outdoor
- ▶ Discharge less than 75V in < 10 min
- ▶ Internal & External Fuse Design

Features

- ▶ Very Low Capacitor loss design.
- ▶ High Current handling capacity.
- ▶ Robust & Sturdy Design.
- ▶ High Temperature withstands capacity with no change in output.
- ▶ Excellent Performance.
- ▶ Easy Handling & Suitable Mounting.
- ▶ High Dielectric Strength.
- ▶ Complete Capacitor Bank with suitable associated equipments available on request.
